# SOUTHERN STATES REALTY

Turn key hunting camp for sale Jefferson Davis County, MS. If you're looking for a unreal hunting tract with awesome lodging, look no further. This 323 acre is arguably one of the best managed hunting tracts I've ever been on in MS. The owners have done an superb job of managing the wildlife and the habitat. The property features 2 cabins that are 900 & 800SF. Combined they have 6 bedrooms with 2 full baths. The cabins are in great shape and anybody would have a great time spending a weekend there. There is also a skinning shed and a metal barn for all your toys. The property features marketable pine and hardwood timber. The vast road system will lead you to all of the numerous plots with box and ladder stands included. The place is loaded with turkeys and small game. This property has produced lots of 130-140 inch deer the past few years and its only getting better with time. The deer numbers are high and the genetics are great. You won't be disappointed with the hunting on this tract! Call today!
